

New Mexico Water Conservation Alliance

PO Box 4133
Gallup, NM 87305-4133

Would you like to become a New Mexico Water Conservation Alliance (NMWCA) member?

Membership dues, donations, and countless hours of volunteer time provide the essential support that allows NMWCA to bring emerging and innovative water conservation presentations, workshops, trainings, and new ideas to our membership. Your dues also help to sustain the Conservation Current, our on-line e-newsletter and memberships in the Alliance of Water Efficiency and EPA WaterSense. Through these organizations we are working to help keep you informed of the latest trends and research in water conservation.

I hope that you will support NMWCA and enjoy the informative articles in the Conservation Current as well as attending the meetings to listen to, and learn from, other water conservation professionals as they discuss their issues, problems and triumphs.

Our meetings are the second Thursday during the months of January, March, May, July, September and November. For information on times and locations, please go to www.nmwca.org. Please feel free to contact me at (505) 955-4223 if you have any questions. We look forward to seeing you!

Laurie Trevizo
President
